Zaid Kamil

ENGINEER | COMPUTER SCIENTIST | RESEARCHER

zaidmuscat@gmail.com
www.mzaidk.net
(424) 382-6112

Experience

IT Student Assistant — **IT Division - CSUDH** — **Mar 2022–Present**

Learning Spaces team (www.csudh.edu/it/) and **Skills:** Resolution paths, Technology solutions, Software and Hardware support

- Boosted classroom system uptime from 70% to 90% by installing new hardware (PC, projector, monitor), reimaging Windows, and a proactive maintenance schedule thus reducing class disruptions due to IT issues
- Improved call resolution rates by 40% by effectively communicating with faculty to gather comprehensive details on IT issues

Field Engineer — **QAPCO (LDPE Plant)** — **Sep 2020–Sep 2021**

Utilities team (www.qapco.com) and **Skills:** Troubleshoot, Cross-functional teams, DCS Systems, Documentation, Training

- Diagnosed startup and shutdown issues using the Programmable Logic Controller (PLC) panel, minimizing downtime by 50% and maximizing system efficiency by 35%
- Prepared technical documentation outlining the operation of industrial systems which reduced user operation errors by 40%

Student Research — **AMIRA Research – TAMU-Q** — **Sep 2018–Jul 2020**

Publication: (IEEE Publication) & (OAK Trust) and **Skills:** Game Development, 3D assets and tools, Prototype, User Research

- Developed a mixed reality prototype using Unity Engine, which simulates the operations of a desalination plant, programmed with C# and Visual Scripting, leading to a 35% increase in user engagement and understanding of desalination processes
- Conducted testing sessions with 10 STEM students using the deployed application on Microsoft HoloLens 1st Gen, capturing crucial feedback that enhanced the application's user experience, resulting in a 20% improvement in usability scores

Education

Carson, CA — **California State University - Dominguez Hills** — **Jan 2022–Present**

- **Major:** Computer Science, M.Sc. (GPA: 3.84)
- **Programming Coursework**: Data Structures and Algorithms, Advanced Operating Systems, Programming Languages
- **Software Engineering Coursework:** Software Engineering Process, OOP Analysis and Design, Software Project
- **Clubs and Organization:** AR/VR Club (President), IBM Z Systems (Student Ambassador)

College Station, TX — **Texas A&M University** — **Jan 2017–Jul 2020**

- **Major:** Chemical Engineering, B.Sc.
- **CHEN Coursework**: Process Dynamics & Control, Engineering Plant Design, CHEN Process Economics
- **Clubs and Organization:** SPE (Outreach Coordinator), Resident-Housing (Treasurer)

Software Projects

GitHub: github.com/ZaidKamil1574 and **Portfolio Website:** www.mzaidk.net (for additional information and projects: pages 5-14)

Integrating live sensor campus data in Extended Reality (in Progress)

- Designed the Front-End XR campus 3D map application using Unity3D and test built the application to iPhone, and Meta Quest.
- Deployed the LoRaWAN sensor (temperature & humidity) in IoT Dashboard and integrated with Microsoft Azure IoT hub
- Utilized: Unity3D, Cisco IoT Dashboard, LoRaWAN Sensor, Microsoft Azure. Skills: IoT Platforms, Integrations, Cloud, AR Dev

Campus Smart Dining Web Application (live website: https://dailyzglass.my.canva.site/csudh-campus)

- Designed a Campus Smart Dining prototype system to streamline meal ordering to cater student's specific dietary needs
- Utilized: HTML, CSS programming, Canva, ArgoUML. Skills: UI/UX Design

Face Detection, Recognition and Object Detection

- Integrated OpenCV library for Face Detection and Object Detection in images and DeepFace library for Facial recognition.
- Utilized: C++, Python, CNN, Tensorflow. Skills: Computer Vision, Optimization, Image processing

Weather Application

- Developed an interactive weather application using Storyboard and SwiftUI programming.
- Utilized: SwiftUI Programming, Storyboard, Xcode. Skills: Mobile App Development, iOS platform, Programming solutions

Skills

Languages: C#, C, Java, SwiftUI, Python, and **Software:** MS Office, Unity3D, IntelliJ IDE, Canva, Cisco IoT Dashboard, Flowlu, Azure

Certifications

LinkedIn: AR Development Techniques, iOS 15 Development Training. **IBM:** IBM Z Xplore - Concepts
